K.C. aka Kennel Cat

Meet K.C. aka Kennel Cat

K.C. came to us via our friends Heather and Thurman Soyring who rescued her and her two other siblings at three days old. K.C. is the official guard cat, taste tester and mouser.

She is very friendly and loves to be held, well at least when she wants to be held! She can be very fickle, wanting to touch noses one second and then biting you the next. She gets along well with all the dogs. You can see her lounging in the window sill most any day.

THE CREATION STORY AS TOLD BY ED

- On the first day, God created the dog.
- On the second day, God created man to serve the dog.
- On the third day, God created all the animals of the earth to serve as potential food for the dog.
- On the fourth day, God created honest toil so that man could labour for the good of the dog.
- On the fifth day, God created the tennis ball so that the dog might or might not retrieve it.
- On the sixth day, God created veterinary science to keep the dog happy and the man broke.
- On the seventh day, God tried to rest, but he had to walk the dog.

Janet and Tom Gray receive Hill's Science Diet® Pet Nutrition Expert Certification

This summer Janet and Tom received their Hill's Science Diet Pet Nutrition Expert Certification. The Pet Nutrition Expert Program training encompassed understanding the link between well-balanced nutrition and long term health of a pet and how feeding the correct food can have a direct and positive impact on the health and well-being of your pet. The program also provided the "knowledge tools" to accurately evaluate the nutritional value behind various pet food brand claims.

Come talk to them about the right Hill's Science Diet pet food for your furry family member!
